

MLUWC 2014 Christmas Meeting, Concert and Raffle
December 8, 2014
Summerlea United Church, Lachine

The MLUWC December meeting was a festive success, as usual, thanks to the combined efforts of many MLUWC members. Programme committee member Victoria Pinnell organised a wonderful choir to regale us. The Montreal City Voices of Harmony Inc. who sing in the a cappella style treated us to a range of seasonal and popular music. Their exuberant and very spirited performance left us all with smiles on our faces. In the middle of their performance they stopped and led us in a sing-along after which some of our more courageous and talented members joined the Montreal City Voices for a very interesting and fun performance. Linda Ricketts and the interest groups contributed many wonderful prizes for our raffle which raised \$1435 for the benefit of the West Island Association for the Intellectually Handicapped (WIAIH). Heidi Schaaf, daughter of Joyce Schaaf, helped present the cheque to Tracy Wrench, the recreation director of the WIAIH. Shirley Wick and her hospitality team served us a lovely array of delicious offerings generously brought in by many of our members. The hard work of the team made the entire production seem effortless – from the hospitality team, the ticket sellers, the contributors to the prizes for raffle, and so many others who helped in countless ways. All those present were in high spirits and a good time was had by all!
